Reference: Amended 12 Day Pre-General Report (10/1/08 - 10/15/08)

Dear Ms. Iovino:

The Committee received your letter dated March 31, 2009, addressing seven items on our Amended 12 Day Pre-General Report, covering the period of 10/1/08 through 10/15/08. Following is a brief explanation of why these items required further attention, and what the committee has done to address these issues in our amended reports.

Item one (1): Our report disclosed contributions that appeared to be from a corporation or labor union, not a PAC. The contributions reported as coming from American Express were not contributions from a corporate entity. All contributions reported from American Express were incorrectly reported credit card contributions from individuals. This was due to the fact that our bank statements recorded these as being made by American Express. All the incorrectly reported American Express contributions have been removed from our amended report, with the monies being attributed to the individuals actually making these contributions. There was no need for any contribution refund checks to correct this discrepancy.

Item two (2): Our report disclosed one or more contributions that appear to exceed the limits set forth in the Act. The primary reason is that a number of PAC contributions were reported twice by the Committee, both on the October Quarterly Report covering the period of 8/7/08 through 9/30/08 and again on the 12 Day Pre-General Report covering the period of 10/1/08 through 10/15/08.

Regarding the reported contribution from James Becker, this was an error in processing. The actual contribution made by Mr. Becker was in the amount of \$10.00. This error has been corrected in the Committee's records.

All reports affected by these discrepancies have been amended, and the reports now show the correct amount given by all parties. There was no need for any contribution refund checks to correct this matter.

Item three (3): Our report contained incorrect Column B figures of the Summary and Detailed Summary Page information. The issues addressed in item two above caused this issue. The duplicate contributions were discovered prior to the filing of the 12 Day Pre-General Report, and action was taken to correct this oversight prior to filing the report. However, the Committee did not file the required amendment to the October Quarterly report at that time. This caused the incorrect Column B figures to be reported on the 12 Day Pre-General Report.
